The Magic Formula

The Coaches

Having multiple coaches in one room to guide, support and participate in the conversation.

Peer Collaboration

The peerage is all about sharing ideas and collaborating with high level achievers. Our members have already experienced the benefits of the support of the amazing members of this community.

The Experience

Each year, we plan an activity that takes place Thursday evening. This allows for free conversation to support and provide opportunity for the ideas of the day to percolate and connections to be made.

why join us?

It is a rare opportunity to spend quality-focused time working on our business and life plan with a community of high achievers engaged in a similar conversation. Our attendees make things happen as a result of the work they do and the conversations they have at these events.

Six Month Game Changer

Every Peerage, we discern and commit to something that is determined to be a game-changing accomplishment. With the help of the peerage community, we begin to form the structure for its fulfillment.

Visioning

We will be sharing and reviewing the use of a new tool to help you meet the goal that you determined was your singular focus.

Health & Fitness

Without a healthy body - nothing can be accomplished. Our coaches (and community) will share key ideas around elevating your health and fitness level.

Spousal Alignment

New to the Peerage this year, we will be adding an optional breakout session for your spouse. While the core group will be collaborating on technological best practices, the spouses will be meeting with Ken and Lauren in a separate meeting space so we can introduce to them the power of alignment. We will help them better understand the process that you all go through and share principles that they will find of value.
